dedication of the 1972 shield

the shield staff is privileged to dedicate this year's yearbook to mrs. mary johnson, our school's priceless treasurer. mrs. johnson, as expected, busies herself throughout each school day in the a.s.b. office performing her assigned duties. but she can be found almost any day or night performing extra-curricular activities such as selling tickets at games and sporting events or assisting mr. baird in the drama department. despite her already crowded schedule, mrs. johnson somehow manages time to support and participate in school activities. through her devotion, dedication and friendly assistance to all of us at one time or another, at work or at play, mrs. johnson is truly regarded as a full-time friend of the staff and student body alike. it is a pleasure indeed, to dedicate this, the 1972 shield, to quite a lady of distinction.

patterns

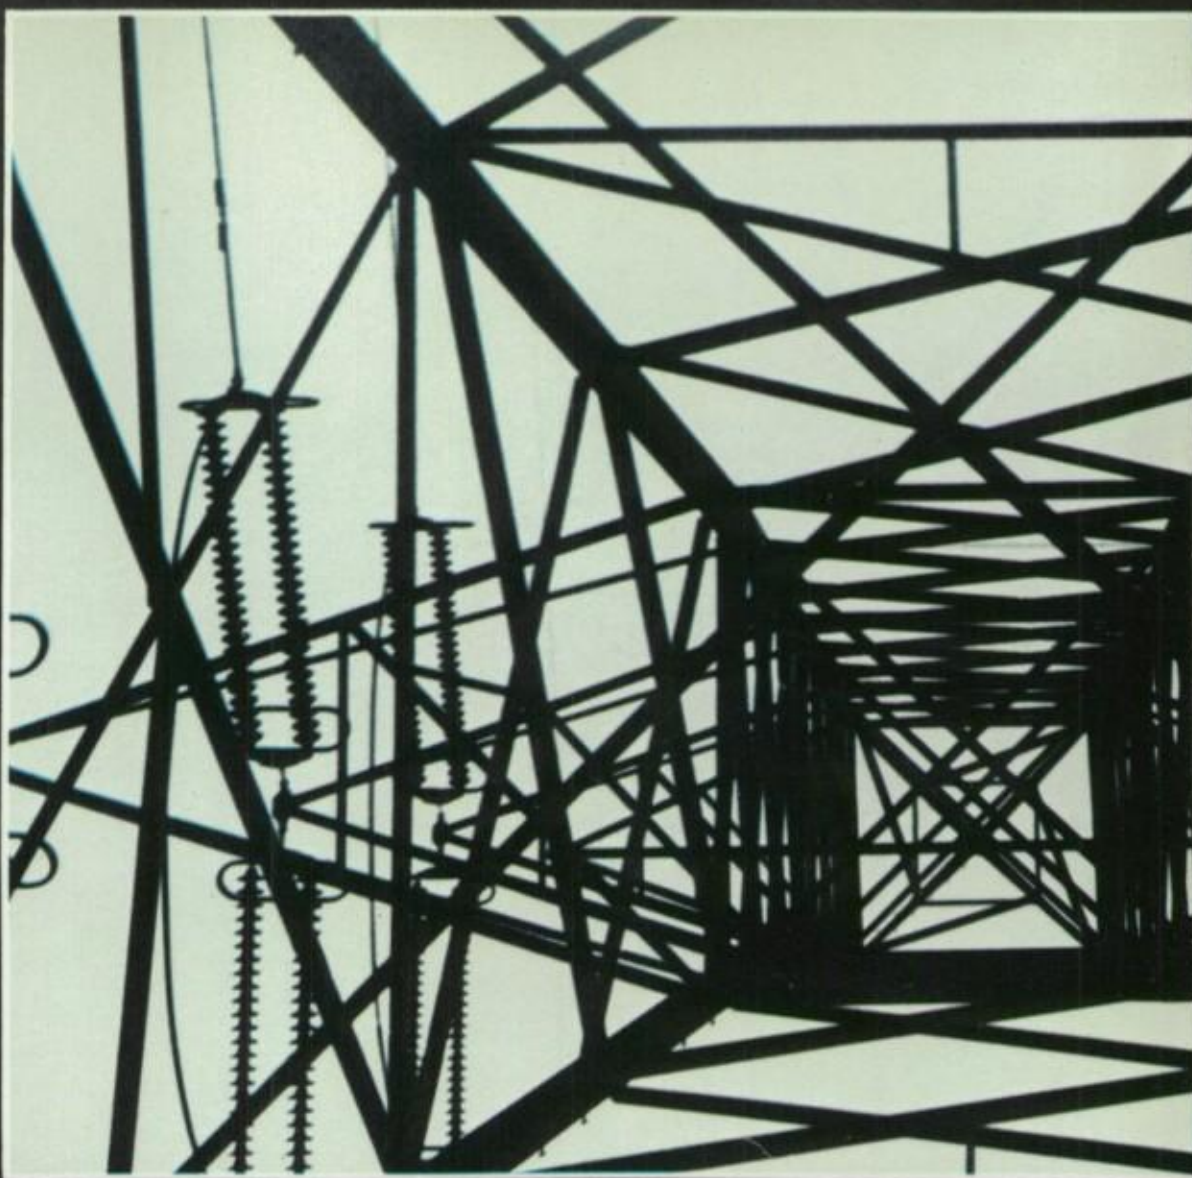

the night set softly
with the hush of falling leaves
casting shivering shadows
on the houses through the trees
and the light from a street lamp
paints a pattern on my wall.
like the pieces of a puzzle
or a child's uneven scrawl.

up a narrow flight of stairs
in a narrow little room
as i lie upon my bed
in the early evening gloom.
impaled on my wall
my eyes can dimly see
the pattern of my life
and the puzzle that is me.

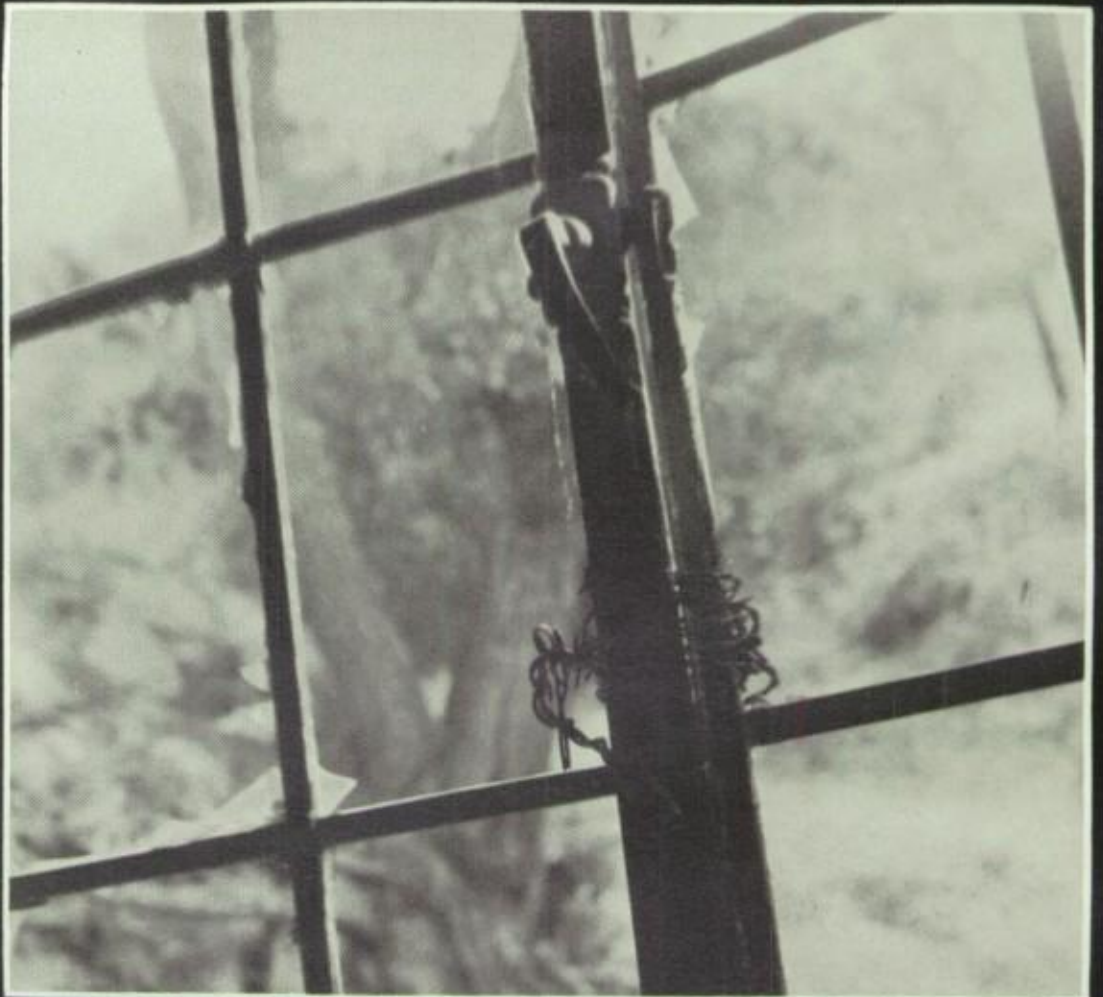

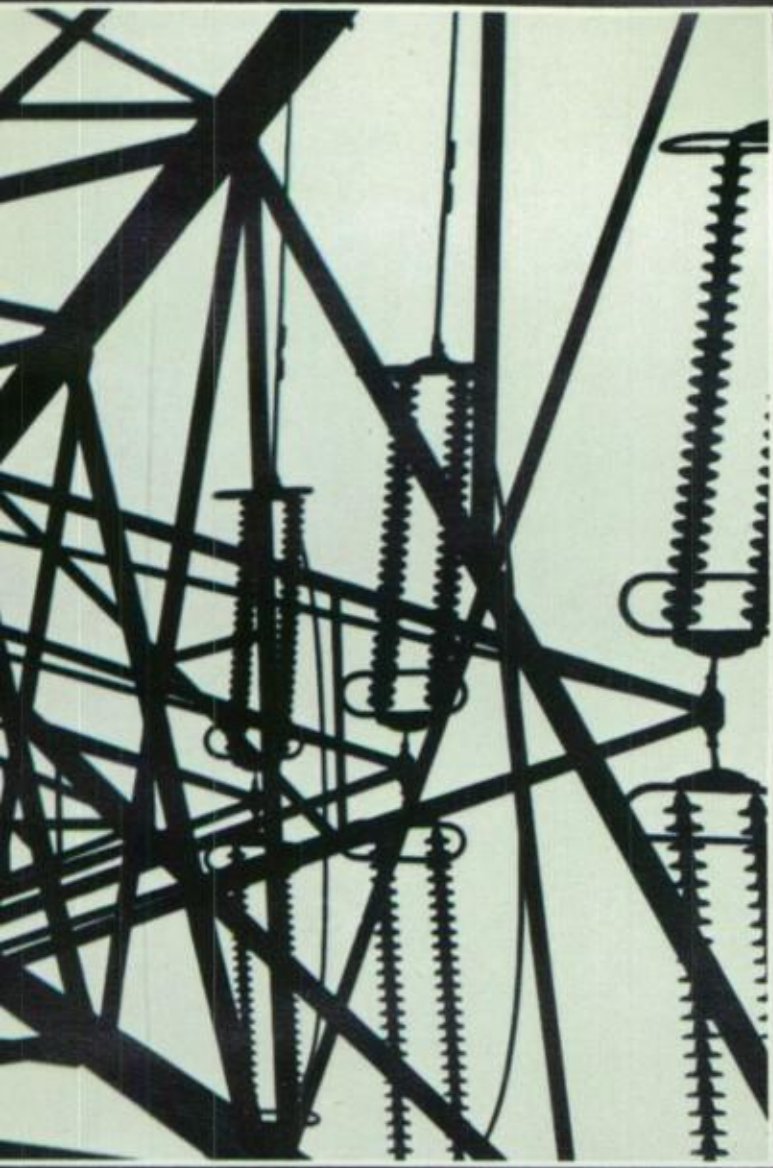

from the moment of my birth
to the instant of my death
there are patterns i must follow
just as i must breathe each breath
like a rat in a maze
the path before me lies
and the pattern never alters
until the rat dies.

and the pattern still remains
on the wall where darkness fell
and it's fitting that it should
for in darkness i must dwell.
like the colors of my skin
or the day that i grow old
my life is made of patterns
that can scarcely be controlled.

—p. simon

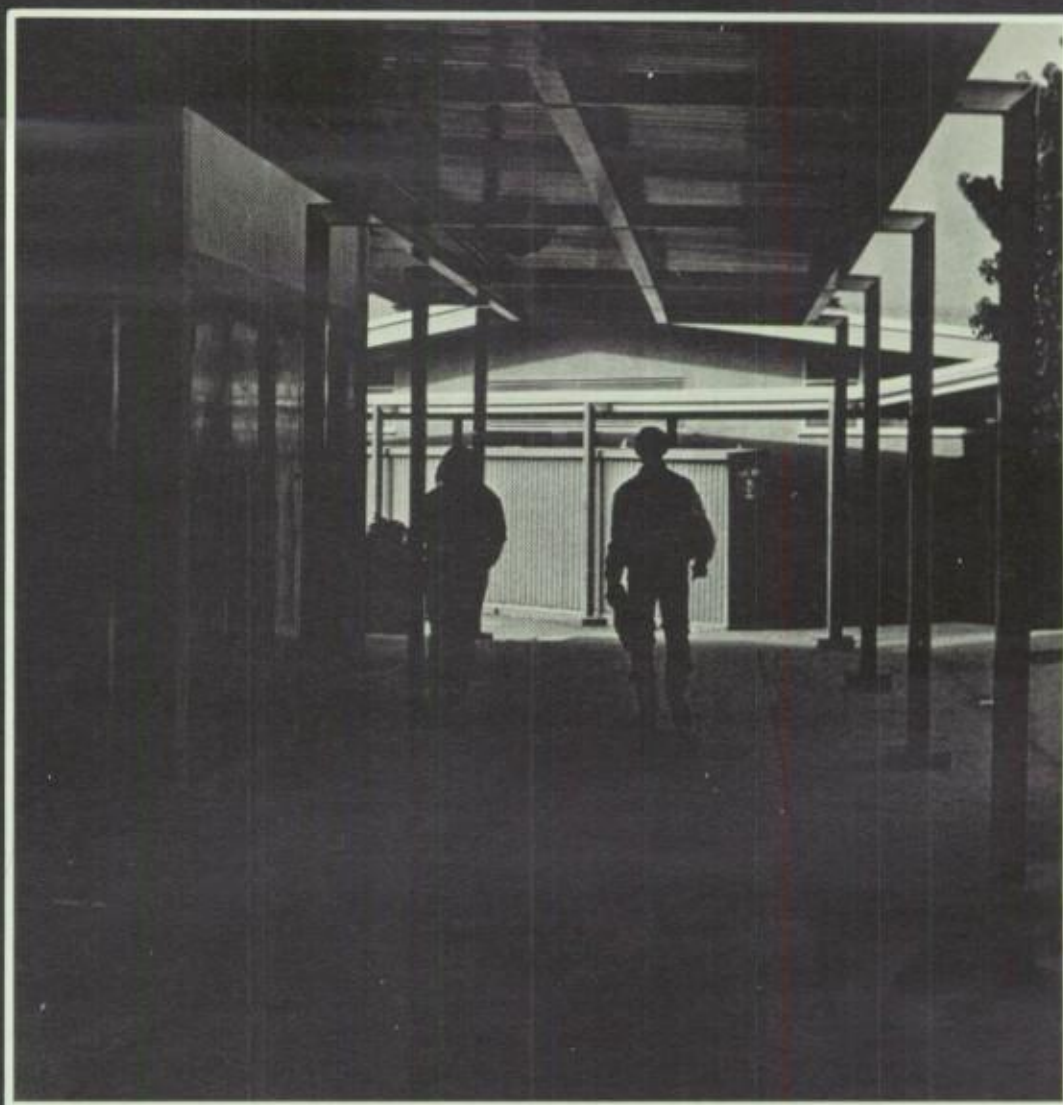

patterns of time

school life appears to be a deliberate
 schedule of patterns - patterns
 designed to direct our every
 thought and action through a series
 of bells, clocks and signals
 for nine months of every year.
 this year we have tried to denounce
 past patterns. to give you a
 yearbook without a standard
 order; to impose self-reliance and
 ingenuity instead of tracing past
 patterns of former yearbooks.
 the staff of the 1972 shield is delighted
 to give you its version of a
 better method of presentation
 of our school over the past nine
 months. we hope you accept our
 pattern.

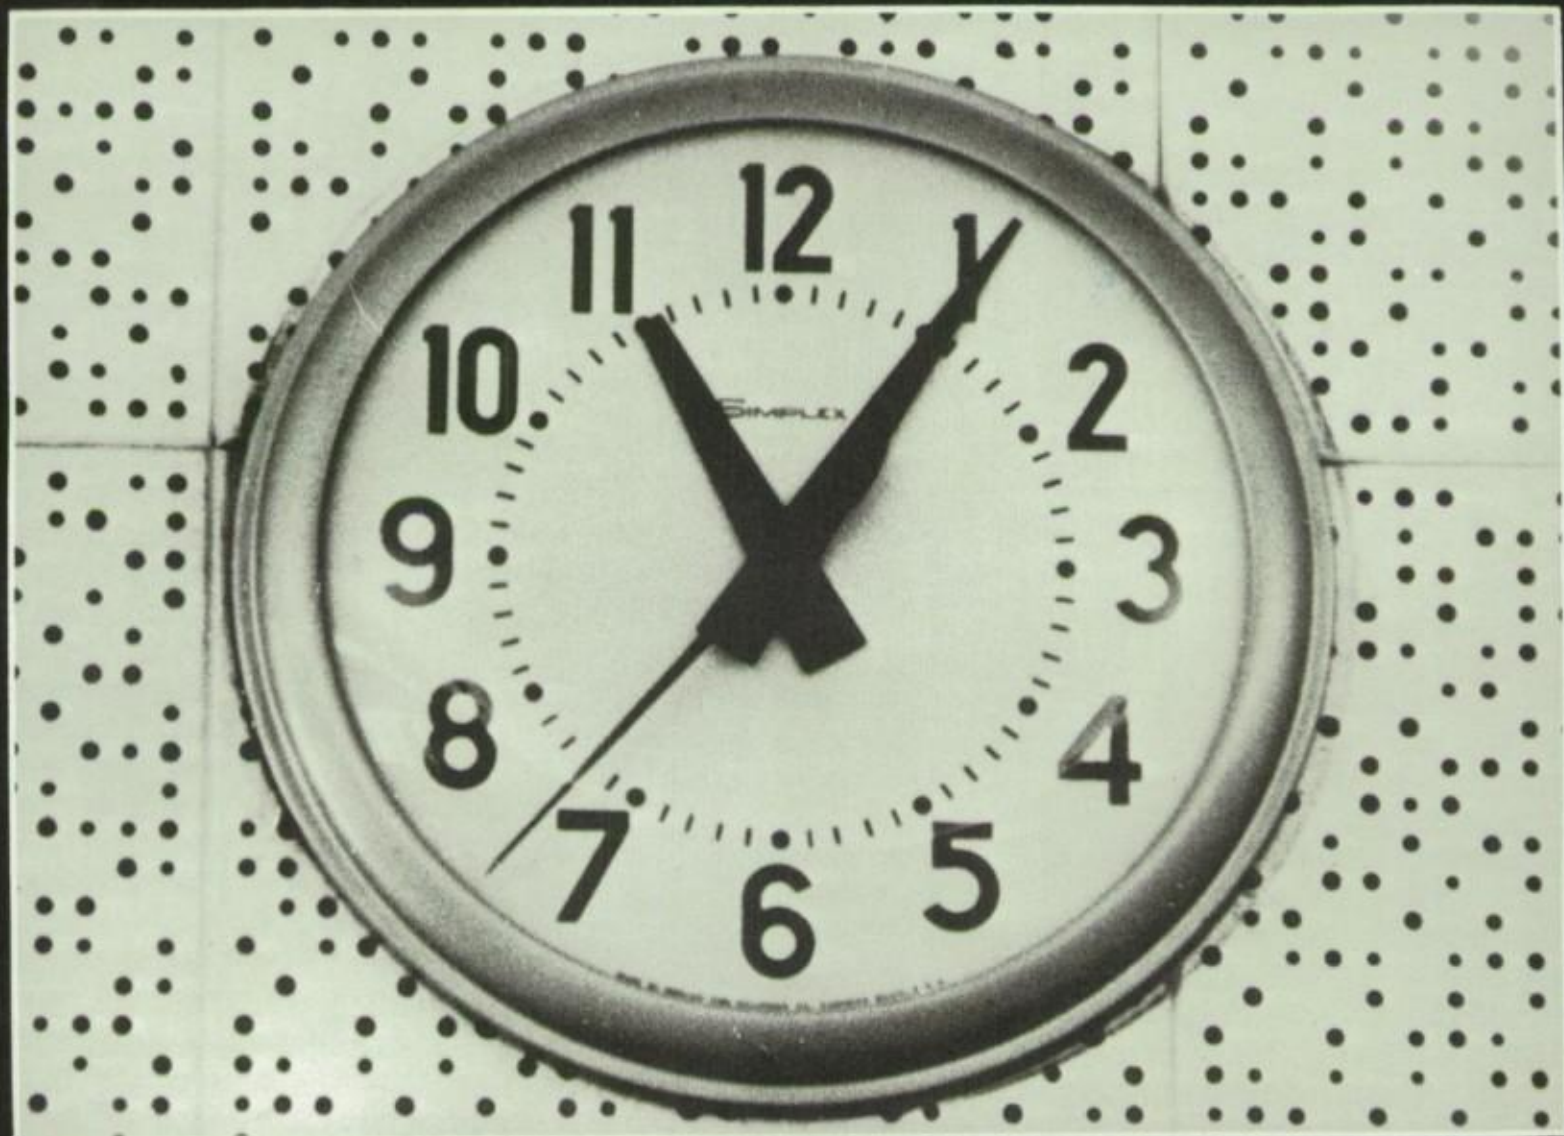

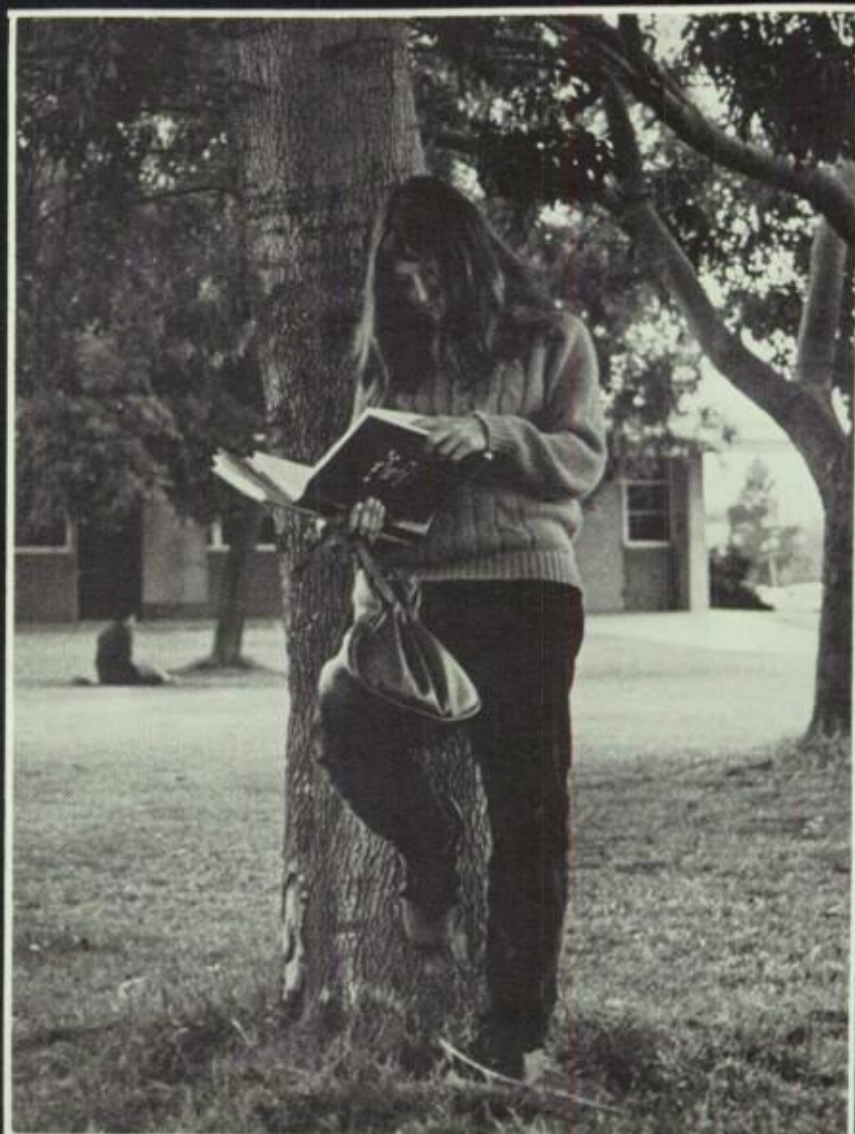

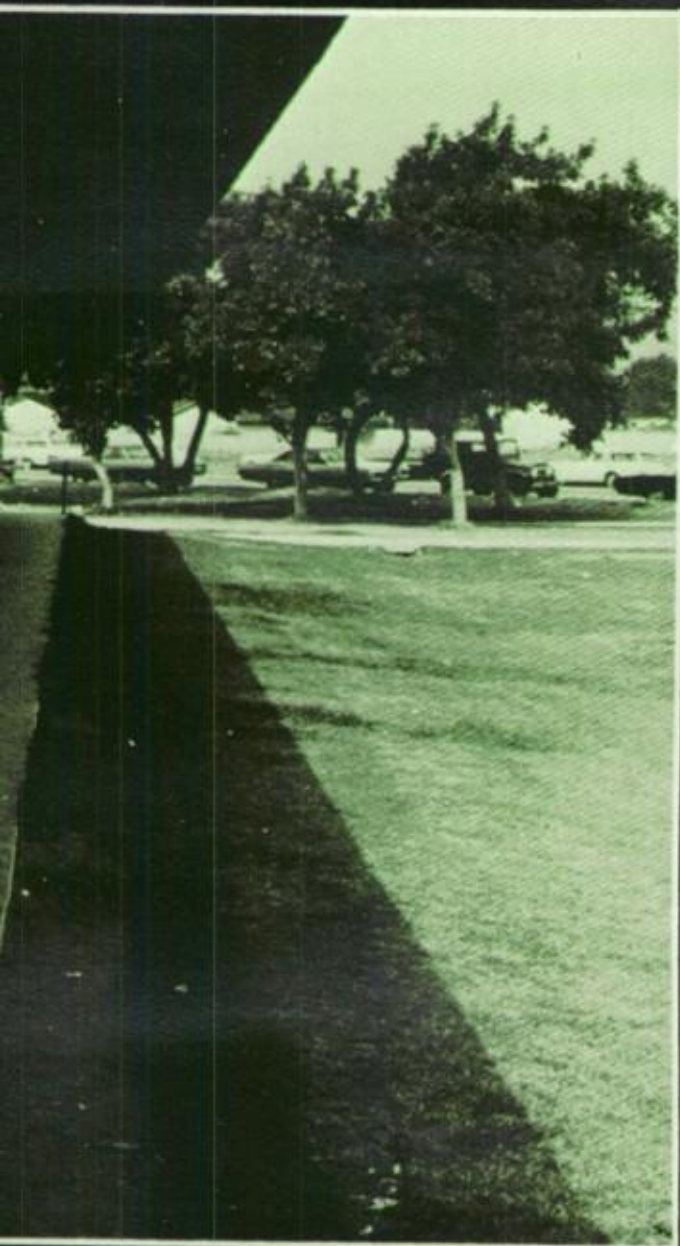

bookends theme

time it was,
and what a time it was,
it was . . .
a time of innocence,
a time of confidences.
long ago . . . it must be . . .
i have a photograph.
preserve your memories;
they're all that's left you.

—p. simon

homecoming

miss sally coiner was crowned the 1971 homecoming queen. She has been active at cohs as freshmen class president, bee cheerleader, and head song leader. her escort for the evening was doug hollopeter. sally was crowned by nikki barry, last year's queen and robed by linda siples, senior class president. the other princesses of the court included karen barth, escorted by dave osborne, chrysa caulfield escorted by jeff kelly, cindy hessler escorted by mr. robert hessler and melody lansford escorted by dean newcombe.

the parade by the band and the drill team and the balloons released by the pep club made this a homecoming to be remembered in our patterns of time.

i've got it.

boy, did i goof!

in our second season of cohs current water polo history, we were co champions of the montview league's first year with water polo. the team was led by seniors wayne watt and league co-mvp goalie mike foley. we were pitted against the #4 rated lakewood team in the cif playoffs and lost. next year we look to have a solid team after graduating only 2.

victory is innevitable if we win

in keeping with his pattern of never turning out anything less than a masterpiece, h.k. "merlin" baird has again given us a smash hit, this time, "you're a good man, charlie brown". because of the rather small cast, and the large resource of talent at his disposal, the production was entirely double cast, with two actors playing each single role.

this year, because they have always been neglected before, we present the crew heads, who slave and labor behind the scenes for untold hours in order to make each play the success that it turns out to be. because of their hard and dedicated work, and because of the hard work of the actors and actresses, the audiences were brought to their feet three times. but it wouldn't have been possible without that magic touch, and so i'm sure the cast and crew will join me in saying, "you're a good man, h.k. baird".

the basketball homecoming was held during half-time of the charter oak-bassett game on the 11th of february. it was particularly enjoyable this year because the varsity team was headed toward the c.i.f. play-offs.

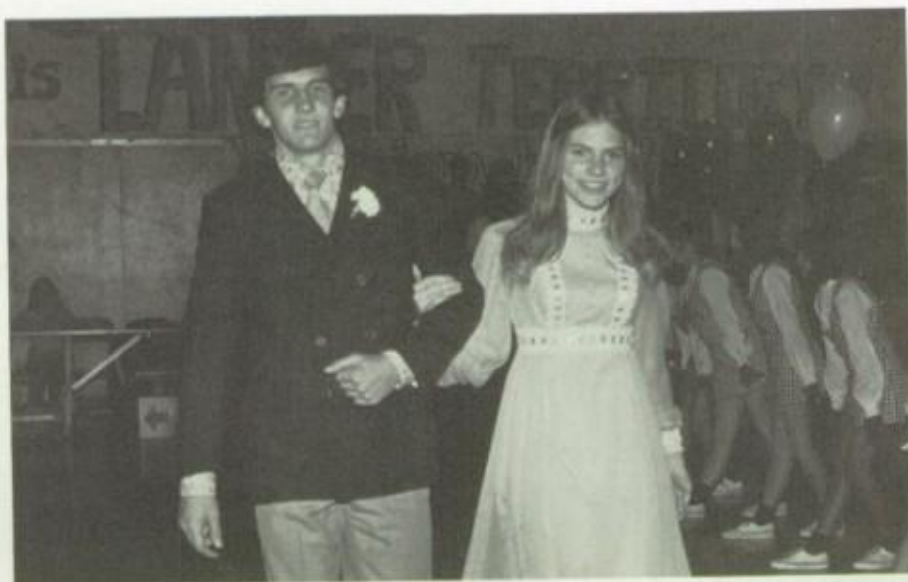

the court this year included as candidates for queen martha molodowitch, stephanie comerford, jan dexter, betsy moll, and julie columbo. the candidates for king were jim lascalera, gil stewart, burke nebeker, jim rutherford, and warren lukina.

chosen as king and queen were jim rutherford and marty molodowitch.

they were crowned by last year's king and queen duane cournoyer and yolanda enriquez. they reigned over the homecoming dance that followed the basketball game.

Vol. XIII, No. 6 Charter Oak High March 24, 1972

New club on CO campus

Another effort is being made by concerned CO students to organize a successful ecology club. The recent litter problem on our own campus has initiated a special interest in the care of our environment.

John Lloyd, a Senior, and a new student here at CO, has initiated plans for the start of an ecology club, called the EIEIO, an Environmental Improvement and Ecology Involvement Organization. The purpose of the club is to improve and beautify the environment as well as our campus. The club plans to help solve the present litter and smoking problems here at CO.

Officers of the Ecology club include John Lloyd, president; Monica Tsarski, vice president; Kathy Rayner, secretary; Kim Evans, treasurer; Tami Andrews, chairman; Debbie Bradley, April Hutchens, Cindy Johnson, public relations. A number of activities have already been planned. A bike safety campaign, neighborhood cleanups, and plans to introduce bike lanes have been scheduled.

"I feel that the Ecology club will be very successful, due to the fact that the club has purpose and initiative," comments, president John Lloyd.

Anyone wishing to join the EIEIO, come to anyone of the meetings held in room D-3, or contact John Lloyd or Mr. Mathias.

Tami Andrews chosen to attend Girls State

"I feel that this will be a good experience to meet new people," said Tami Andrews, Girls State Representative from Charter Oak High.

Girls State will be held in Olympic Village at Squaw Valley, near Lake Tahoe, from June 28 to July 5.

Girls State is a temporary state set up with girls from high school in California. The girls live in four dorms with four floors on each. A government for a separate city is set upon each floor. Each dorm is a county and the four dorms are the Girls State.

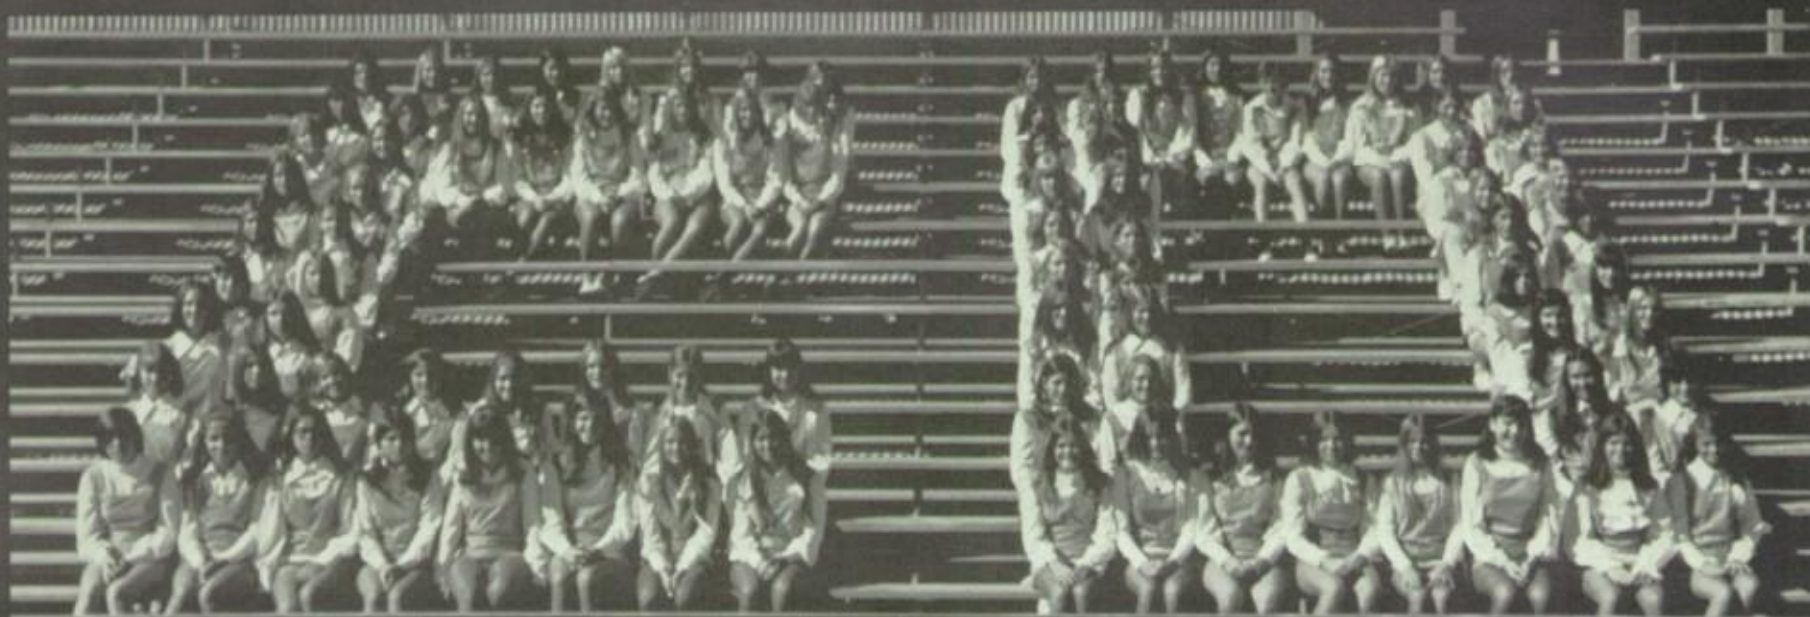

Every girl plays a role in the government. Tami won't know what positions she will hold until she gets there.

this year, girls' league was kept busy with their usual activities. they started the year off with freshman day and with the howdy-hop, both to acquaint the new freshmen to our campus. then in january, they gave the new year's ball and busied themselves with the selection of the court and with the details of a ball well remembered. finally, girls' league's last big event was the all girl review. the girls of co were well rewarded for their efforts in this one-night enjoyment. planning freshman day and the howdy-hop, throwing the new year's ball, making the all girl review a success, and completing their other numerous activities kept the girls' league busy with a full year.

with march 24, came the completion of the patterns of the 1971-1972 school year. the patterns set before you in these pages ventured into the past to evoke pleasant memories for the future.

the majority of our staff was new and inexperienced. i want to express my sincere thanks to marc pelletier, my photo editor; and cathy turgetto, my right-hand girl. jeanne richardson, kathy mcentee, lori worrell, darrell heinrich, carol olsen, dave link, keith ferguson, nancy chipman, carolyn steinhart, donna dolf, karen dorsey, barbara cohen and all the other members of my staff deserve a special thanks for putting up with my demands and bossiness. i want to express our most sincere appreciation to "uncle bill" harding for his unlimited contributions and for seeing us through our many crises.

we hope you understand and agree on our reasons for presenting our yearbook as is done. we believe in what we have done. now it is completed. we can relax to enjoy the forthcoming vacation until the patterns begin again.

with love,
leslye melton
